# Report of the Trustees of Central Cemetery.

---

Thirteen years ago the town voted to establish a public cemetery, and progressive citizens who have seen the results during the past years are heard to remark, why did we not have a town cemetery before, instead of small private burial lots. We wish to thank the owners of lots for the care and beautifying of the same during this year, which is gratifying to us as well as to strangers who visit our Central Cemetery. We would recommend to those who wish their lots to have *perpetual* care that a certain sum of money be left in trust to the Cemetery Trustees and the interest of said sum to be used in care of said lots.

Of the original 314 lots, 232 have been sold, 18 of these being sold this year, leaving only 82 lots unsold. Nearly all the desirable lots have been taken and it will be but a few years when the question will arise regarding the enlargement of the cemetery.

D. J. PARSONS, Clerk and Treasurer for the Trustees.

RYE, N. H., Feb. 15, 1905.

# Report of the School Board.

---

TO THE CITIZENS OF RYE:—

In reviewing the year's work we feel gratified to note the progress made, and the present good condition of our schools.

This has been attained through the coöperation of our teachers, who have been conscientious, thorough and painstaking, interested to do their best for the good of each pupil. Realizing that in many points there are defects, and our schools yet a long way from perfection, we would by united effort of teachers, pupils and parents be continually lifting better up to best.

As in past years we must again impress upon parents the necessity of their help. You will greatly aid teachers and school officers if you will sustain our efforts in striving to obtain the best results in the moral and mental development of the children that are so soon to fill the places of trust and responsibility.

In accordance with a vote taken at the school meeting last spring, the West school buildings have been remodeled and put in good sanitary condition. They now compare favorably in this respect with the other school buildings of the town, which, having been more recently erected, were built according to plans of more modern ideas regarding the moral and healthful condition of the pupils. A cellar has been excavated under the main building of sufficient size for the storage of all necessary fuel, and is accessible by a flight of stairs from the anteroom. An iron sink has been put up in the anteroom for the use of the pupils. One has also been put in at both the Centre and the South. A new organ has been purchased and placed in the West school room of the same make as those placed in the other schools last year.

Finding that the geographies were badly worn and needed to be replaced, it was thought best to purchase an entire new series. After careful examination of several up-to-date publications, Morton's was selected as being the best adapted to our needs, and they have proved entirely satisfactory.

New spelling books have been purchased, also supplementary readers as need required.

A modern township map of New Hampshire has been placed in each school, also two new flags have been purchased to replace old ones.

The advisability of uniting with the neighboring towns in employing a district superintendent has been under consideration. The subject will probably come up for discussion at the school meeting.

In conclusion, we wish to thank all who have in any way aided us in our school work.

Respectfully submitted,

FRED. D. PARSONS,	} School Board.
WALLACE S. GOSS,	
CHARLES S. WHIDDEN,	

Annual school meeting will be holden at the town hall, on Saturday, March 25, 1905, at 2 o'clock P. M.
